

You **can** have a choice for your medical imaging.

Cleveland Imaging is coming to your community and we need your support. We have filed a Certificate of Need (CON) application with the State to allow us to provide Cleveland with the region's only high field open MRI scanner. This technology combines the clarity of the traditional MRI systems with the comfort of an open system.

To provide this imaging choice we need the State to hear your voice. You **DESERVE** a choice in your imaging healthcare and you can make your voice heard!

It's **YOUR** family
It's **YOUR** choice

- Great patient care
- Professional service with a hometown attitude
- Convenient parking at the door
- The best technology available in imaging
- Same day appointments
